

This is a detailed topographic map of the Lake of Geneva (Lago Lemano) region. The map shows the lake's shoreline, major towns such as Geneva, Annecy, and Chambéry, and surrounding mountainous terrain. A red line is drawn across the map, likely representing a specific route or boundary. The map includes a grid and various geographical features like rivers, forests, and elevation contours.

The map shows the Lake Biogradsko area in the Balkans. The lake is labeled 'Lago di Biogradsko'. Surrounding the lake are several mountains, including 'Monte Biadano' and 'Monte Biadano'. The map also shows a network of roads and railways, and a grid system. The map is oriented with North at the top.

A detailed topographic map of the Lake Superior region, including parts of Minnesota, Wisconsin, and Michigan. The map features contour lines indicating elevation, with green shading representing higher elevations. Major water bodies like Lake Superior and Lake Michigan are shown in blue. A network of roads and highways is depicted in red and yellow. Various towns and cities are labeled, such as Duluth, Soudan, and Marquette. The map also shows the international border between the United States and Canada.

This is a detailed topographic map of the Lake Garda region in Italy. A prominent red line, representing the 'Sentiero del Lago', winds around the lake and through the surrounding hills. The map shows various towns and villages, including Sirmione, Gardone Riviera, and Montefranco. It also depicts the surrounding mountain ranges, including the Monti della Simona and the Monti della Simona. The map includes a grid system and various geographical features like rivers, streams, and forests.
